WELCOME TO CHOICES

HELPING TO SUPPORT OUR AMAZING SEND STUDENTS ACROSS WORCESTERSHIRE TO UNDERSTAND THEIR CAREERS CHOICES

WELCOME TO THE CHOICES BOOKLET - LIFE BEYOND SCHOOL.
THIS BOOKLET WILL HELP YOU, THE STUDENT AND YOUR
PARENTS/CARERS VIEW AND UNDERSTAND THE OPTIONS
OF LIFE BEYOND SCHOOL.

DECIDING ON THE NEXT STEPS CAN BE VERY DAUNTING,
WHAT OPTIONS ARE THERE? ARE THE OPTIONS APPROPRIATE
FOR YOUR NEEDS? IS THERE ANY ADDITIONAL SUPPORT?

THE QUESTIONS ARE ENDLESS; THEREFORE, WE HAVE CREATED
THIS BOOKLET TO SUPPORT AND SIGNPOST YOU IN THE
RIGHT DIRECTION.

INSPIRING WORCESTERSHIRE

ABOUT US...

WHO ARE WE?

The Inspiring Worcestershire Careers Hub is part of a national initiative led by the Careers and Enterprise Company to support the delivery of high-quality careers education within educational establishments across Worcestershire.

WHAT DO WE DO?

Our aim is to ensure that through our work with educational establishments across Worcestershire that every young person receives the information, advice and guidance they need to ensure they are fully prepared to enter the world of work.

WHY DO WE DO IT?

If young people across Worcestershire fail to receive high-quality careers guidance it is highly likely they will not undertake a career pathway that is right for them.

Failure to provide young people with high-quality careers guidance will also have a negative impact on the future workforce available to Worcestershire employers.

If Worcestershire's economy is to continue to grow then it is vital that they have a pipeline of young people who hold the right skills, qualifications and experience that employers are looking for. Providing this pipeline of young people to employers will ensure that they are able to replace employees quickly and efficiently but also ensures that young people do not feel the need to travel outside of Worcestershire to secure employment.

HOW TO NAVIGATE THIS BOOKLET

THE BOOKLET HAS BEEN SPLIT INTO THE FOLLOWING SECTIONS:

FURTHER EDUCATION

- > SIXTH FORMS
- > LOCAL COLLEGES
- > INDEPENDENT SPECIALIST COLLEGES
- > INDEPENDENT TRAINING PROVIDERS

DISCOVERING LIFE BEYOND SCHOOL

THINKING ABOUT YOUR NEXT STEPS AFTER SCHOOL CAN BE WORRYING AND CONFUSING WHEN YOU HAVE ADDITIONAL NEEDS.

We want to give you enough information to solve that confusion and take away some worries.

As you move through this booklet it will highlight some options to choose from.

However, it is important to work out what your likes, dislikes and goals are first before deciding on a plan or next step.

Why not try these activities to help you work this out?

More info and activities found here @My World of Work.

Or even try this Buzz quiz - <https://icould.com/buzz-quiz/>

FINDING YOUR INTERESTS

Once you have finished selecting one letter for each question, count how many of each letter that you got. What letter do you have the most of?

Look on the chart to see your likes: Mostly

- A You enjoy working outside and being active, being practical and spending time with nature. Have you thought about a career where you could spend time in the countryside and with nature? An example of this could be a Gardener.
- B You are a kind person who likes to help others. There are many different careers where you can help look after people. You may like to work with the elderly or with young children. There are lots of options for you to choose from. An example of this could be a Care Assistant.
- C You are a creative person who likes to make and create things to express your personality. There are many different opportunities that you can pursue that allows you to showcase your creativity. An example of this could be an Artist.
- D You like to make others laugh and to put on a show! It may be a hobby, but did you know there are lots of ways you can turn this hobby into a career? An example of this could be an Entertainer.
- E You love reading and everything to do with books! You might even enjoy writing your own books. There are multiple ways you can use your love of literature in your future career. An example of this could be a Librarian.

If you have the same score for two letters look at how you can combine the two areas.

FURTHER EDUCATION

Young people are now required to remain in learning until they are 18 years old. Students with Education Health Support Plans (EHCP) are entitled to support in education until they are 25 years old, if they remain in education. The following information will show some options on how and where to stay engaged in education.

We have broken education down into smaller sections allowing you to dig a little deeper into the courses available.

These sections are:

- > Sixth Forms
- > Colleges
- > Independent Specialist Colleges
- > Independent Training Providers

Not all settings are applicable to all SEND needs, so ensure you follow the code highlighted at the start of the magazine to determine if it is an option for yourself.

APPLYING FOR YOUR NEXT STEPS

In the vast majority of cases students will be able to find a suitable course at an educational provider within their local area. Very occasionally, if a student has very complex needs, they may need to consider an Independent Specialist Placement (ISP) which may be further away. The student must have an EHCP to access one of these placements and the Local Authority will only consider funding an ISP once all local options have been exhausted. Please note that the Local Authority cannot agree to place a pupil at an ISP if there is an equivalent course/provision available locally.

For those young people requesting residential specialist college placements the Local Authority will require evidence demonstrating that the proposal for a placement has been made as a result of appropriate assessment and guidance involving collaboration between relevant agencies, including adult social care and health. (caption taken directly from Worcestershire County Council's website)

FURTHER EDUCATION

APPLYING FOR YOUR NEXT STEPS CONTINUED

Further education, training providers and sixth form colleges offer a wide range of courses for young people, at all levels of achievement. Colleges offer supported courses for students with special needs at a range of levels. These can be accessed from age 16 (after Year 11) and remain available for students if they leave school sixth form after Years 12, 13 or 14.

Courses include vocational work-related learning and general courses which can include preparation for adulthood, such as life skills, work skills and independence skills. There are progression routes from one course level to another, provided the student has achieved the entry requirements for the next level course including the appropriate level of English and Maths.

The usual progression steps are:

Pre-Entry Level

Entry Level 1,2,3

Level 1 (GCSE 1-3)

Level 2 (GCSE 4 and above)

Level 3 ('A' levels, Btec, NVQ and T levels)

Courses at colleges and training providers help students gain qualifications and develop work skills, to help give them the best chance of gaining employment. There are courses with work experience options and other courses which are mainly work based learning such as supported internships, traineeships and apprenticeships.

Local colleges advertise their open days in local press and on their websites.

You can also visit the following link to see local events and open days on the [Worcestershire Events calendar](#).

The Education Health and Care plan can remain in place for full-time courses or training at college or with training providers. Colleges and training providers are required to make reasonable adjustments for learning and personal support, to enable students with support needs to access learning.

LOCAL COLLEGES

Colleges offer a broad range of course choices and access to learning opportunities and facilities that are not available through school. Changing to a college may bring challenges but can also have some great benefits such as a wider range of courses, further supported education, tailored learning to your chosen topic area and many more benefits. A benefit from learning locally can be progressive outcomes and links to local employment or volunteering.

Supported Internships

Supported internships are for young people aged 16-24 with an EHCP plan. The internship will last 6-12 months for learners who wish to gain some part-time or full-time employment.

Learners will start by attending college getting ready for their work placement. They will then start attending work placement with support of a job coach. This support will reduce throughout the apprenticeship until the learner is comfortable on their own. An interview for a real job will take place at the end. In addition learners will still attend college 1 day per week for employability skills.

INDEPENDENT SPECIALIST COLLEGE PROVISIONS

An Independent Specialist College could be a consideration if a local college or training provider is not able to meet your needs. Independent Specialist Colleges can offer individualised learning and support for some learners with high and complex support needs.

It is important to look at all of the options available and discuss specialist college options with school teachers, careers advisers, social worker and SEN caseworkers. Usually applications to these colleges should be considered 18 months to 2 years in advance of leaving school. This can be discussed through the EHCP annual reviews.

Bankside College is a specialist service providing education for young adults aged 16-25 with a diagnosis of autism with mild or complex learning difficulties. Many of our young people have experienced significant childhood trauma, which often has resulted in long periods of absence from school, breaks in formal education, multiple placement breakdowns and gaps in attainment. In addition, this means that, some young people have significant difficulties in developing positive relationships and also experience barriers to learning as a result of their additional learning needs. All students have Education Health Care Plans (EHCP), and all pupils experience difficulties which has an impact upon their learning. For the majority, this is the first formal education they have attended in a considerable time. The majority, therefore, arrive below age related academic expectations. We work closely with our placing authorities and parents to agree and facilitate appropriate transitional learning plans.

We are aspirational for all pupils. Many pupils have not experienced success and it is important that we create a safe learning environment where students are able to flourish and achieve more than they believed to the possible. Learning opportunities are personalised, recognising the vastly differing needs and starting points of our students.

INDEPENDENT TRAINING PROVIDERS

Independent training providers offer further education in a range of different training centre locations across the county. They offer courses in a range of vocational subjects and work preparation such as traineeships, apprenticeships and supported internships. Individual training providers often focus on a particular type of course or vocational/work option and offer an alternative to college for further education to help young people progress in learning and progress to employment.

Each training provider offers something slightly different, so ensure you research your options finding the most suitable match for you.

FURTHER EDUCATION

INDEPENDENT TRAINING PROVIDERS

Young Adult Learning is part of Worcestershire County Council, they offer Traineeships and Study programmes for 16-19-year olds, 19-24 with an Educational Health Care Plan.

Study programmes are classroom based and can take around 12 months to complete, Traineeships can take 12 months with an extended work placement within an employer, getting you ready for your next steps into the world of work. All study programmes will continue to improve maths and English and will need learners to continue to study maths and English until they reach GCSE grade 4 or Functional skills level 2 unless they are exempt.

Traineeships in a sector young people are interested in.

Fairfield Centre, Warndon Worcester.

MLD

Examples of Traineeship placements young people have undertaken in the past: Worcestershire libraries, local care farms specialising in floristry and mechanics, teaching assistants.

Level 1 Diploma in Hair and Beauty

Fairfield Centre, Warndon, Worcester

MLD SEMH

The units in this qualification include: introducing you to the hair and beauty industries, how to present a professional image and working with others in the salon, salon reception, developing your creative skills in the art of dressing hair, applying temporary colour, creating a hair and beauty image, provide effective shampooing and conditioning hair, how to display retail stock and the creative art of styling women's hair.

Level 2 Diploma in Women's Hairdressing

MLD SEMH

Entry onto this qualification can be via previous attainment of a Level 1 qualification in hairdressing and/or a successful skills test and interview.

This qualification will develop the knowledge, understanding and skills to prepare you for employment as a junior hairdresser/stylist. You will have your hairdressing skills assessed in our purpose-built hair salon at the Fairfield Learning Centre in Warndon. Our salon is a realistic working environment and you will practice your skills on a mixture of training mannequins, other learners, friends and family by your own invitation and customers from the local area.

This qualification includes all the required elements to work effectively as a junior hairdresser/stylist including: health and safety; client consultation; shampoo and conditioning hair; the research unit - working in the hair industry; cut women's hair; colour and lighten hair and the art of dressing hair. You will also develop understanding and skills by completing additional specialist units which include: reception duties; and promoting products and services to clients. This qualification's structure provides you with the flexibility to develop knowledge, understanding and skills depending upon your desired career pathway as a junior hairdresser/stylist.

DID YOU KNOW...

Even though apprenticeships start at level 2 a student with a EHCP can request to waiver this learning level. They will, by the end of the programme need to learn to entry level 3 for Maths and English.

You can also request a time extension on the duration of the apprenticeship. Make sure you speak these options through with the training provider prior to signing up as not everyone can accommodate these changes.

TOP TIPS...

- > Do your research
- > Make sure you can get to the location
- > Ensure that they know what your needs are so they can fully support you

TRAVEL ASSISTANCE

Finding your way to college can also present itself as a challenge. Don't let this be a barrier, follow [this link](#) to find out how your local Council can support you with travel.

Post-16 travel assistance is not automatically offered to all students who have an EHCP. There is an eligibility criteria, including closest college that meets need, and for further information on this you can either speak to Linda Hemming at Worcestershire County Council, your SEN caseworker or look at the SEN Transport Policy. It is important that you take the information into consideration when looking for a college placement.

Linda Hemming

Email: LHemming@worcestershire.gov.uk

Phone: 01905 844038

All students, regardless of need, have to pay a post -16 parental contribution towards travel assistance. The amount currently stands at £547.00 per year, although this could change, and is payable for 2 years. You will get options on how to pay this.

The travel assistance that you are offered will not automatically be a taxi. There are other options that may be offered to you and these could be a Direct Travel Payment, bus pass or train pass.

HIGHER EDUCATION

HIGHER EDUCATION

Every year, over 60,000 students with physical and/or mental health conditions and learning differences apply through UCAS to study at university or college. (UCAS, 2023)

Higher Education (HE) refers to any provision that is undertaken in order to gain a qualification that is a level 3 or higher. Degree courses are usually studied at university but HE courses are also available at some Further Education Colleges and are open to all students who meet the entry requirements of the individual course.

Although EHCPs can continue to 25, if a young person goes to university, their EHCP ends. It is important to ask questions, when looking at universities, for example, what mentoring, what 1:1 support and what study skills are there and raise questions based on the EHC Plan, even though it is ceasing.

To support all students, most universities have a dedicated Student Support Service that will provide information, advice and support to anyone who may require it. As part of this team, they will have disability advisers, sometimes called disability co-ordinators who will be able to provide additional guidance. University disability advisers are available to offer support to students with a range of services, such as supporting with transition, liaison with academic staff and support with applying for DSA and other funding.

Disabled Students Allowance (DSA) is support to cover the study-related costs you have because of a mental health problem, long-term illness or any other disability. This can be on its own or in addition to any student finance you get. The type of support and how much you get depends on your individual needs – not your household income and does not need to be repaid.

CASE STUDY

At Rigby Hall Special School, we pride ourselves on the opportunities we are able to give our students, despite the pressures of the last 12 months due to the global pandemic. In September 2020 we proudly opened our Life Skills Village giving our students the ability to develop work skills in a range of vocations including mechanics, hair and beauty and construction here on site. The students have continued to develop their employability skills whilst exploring their strengths and ambitions for the future. Below is just one example of how the careers programme has benefitted our students.

My Name is Zach and I am in Post 16 at Rigby Hall. I decided to stay on in Post 16 so that I could learn to be a bit more independent and learn more functional skills. In my time at Rigby Hall I have improved my confidence and now I feel ready for my future. After I leave Post 16 I would like to go to college to study IT and computing. I would also like to learn how to live on my own. I think I have learnt lots about 'work' in sixth form, I enjoyed working in our community café and learnt how to communicate and be professional. I really enjoyed working in the new Life Skills Village, we have been setting up our own gym business, I also had the chance to use the construction pod to complete a commission project.

EMPLOYMENT AND VOLUNTEERING

If employment and volunteering is an option for you, then you could also think about the following information.

There is plenty of provision in the local community to guide, coach and support you through the journey. If you have a career/job in mind it is worth seeing if there is an educational course that will support you to the next step. These can be found in the previous section of the magazine.

SUPPORTED INTERNSHIPS & TRAINEESHIPS

A supported internship is a type of study programme specifically aimed at young people aged 16 to 24 with a EHCP who wish to move into employment. Supported internships can bridge the gap between education and the world of work or volunteering. These courses can help you get ahead as you move into adulthood.

Supported Internships Supported internships are for young people aged 16-24 with an EHCP plan. The internship will last 6-12 months for learners who wish to gain some part-time or full-time employment.

Learners will start by attending college getting ready for their work placement. They will then start attending work placement with support of a job coach. This support will reduce throughout the apprenticeship until the learner is comfortable on their own. An interview for a real job will take place at the end. In addition learners will still attend college 1 day per week for employability skills.

Access to Work
Making work possible

Access to Work is a government incentive to help you get or stay in work if you have a physical or mental health condition or disability.

There are varied levels of support offered depending on your needs. There is even support for your employer ensuring reasonable adjustment are made to make your working day achievable.

[You can find out more information about Access to Work here.](#)

[This page will also give you further information on the Job Help campaign.](#)

TRAVEL ASSISTANCE

Finding your way to work can present itself as a challenge. Access to Work is a discretionary grant scheme delivered by DWP which can assist in paying for practical support to enable disabled people or those with health conditions to overcome workplace barriers.

For supported interns, this means Access to Work can fund:

- assistance to travel to and from work if the intern cannot use public transport or drive themselves

Access to Work awards are tailored to the needs of the individual, which means awards will vary depending on the supported interns' circumstances.

A traineeship is a training programme and isn't a job. Employers are not required to pay you for the work placement, but they can support you with expenses such as:

- expenses for transport from your employer
- financial support for travel from your training provider

EMPLOYMENT & VOLUNTEERING

VOLUNTEERING

Volunteering can be a wonderful way for you to experience new environments and try new skills without the pressure of a paid position.

Volunteering can help you build up your skills developing you to be work ready. It is also a great way to work out what career you may wish to work in. You may also meet new people and make new friends within your local community.

WHY VOLUNTEERING?

- > Volunteering can connect you with other people
- > Volunteering builds self-confidence and self esteem
- > Volunteering can be important for physical and mental health
- > Volunteering gives you purpose
- > Volunteering helps others and gives back
- > Volunteering can give you a more positive outlook on your life
- > Volunteering can help you find a job and build skills

HOW TO FIND VOLUNTEERING OPPORTUNITIES?

Finding opportunities in your local area may take a little bit of investigation.

Firstly, if you are still in an education setting speak with your Key worker or Careers leader/advisor for help.

Secondly, write a list of local places you would like to volunteer at, things that you have an interest in or place you have a skill that would match. Approach these places (with parent/guardian support) to see if they have any opportunities for you.

Thirdly, you can follow the links in the signposting sections for contacts for volunteering in Worcestershire.

CASE STUDY

SUPPORTED EMPLOYMENT

Like most local authorities, Worcestershire County Council has a Supported Employment offer. One of the key areas of support is narrowing the gap between employee and employer, connecting people to potential employers. The Supported Employment Service team works with a case load of vulnerable residents from across the county, assisting them into meaningful work activity and employment and supporting them to retain and develop within their role.

One of the amazing participants on the programme is D, who has been working at a local Worcestershire Bar/Restaurant and Kitchen Garden Business called 'The Flyford'. D is now an established member of the team, completing grounds maintenance, gardening, weeding, and general assistant duties around the site.

This is D's first paid job. 'The Flyford' owner and team are working with D to progress their skills and career even further. D started working gradually at 3 hours per week. D did not require ongoing support from the Supported Employment Service in the new role, but the service did arrange regular Supported Review Meetings. These meetings allow a time for all parties to discuss and assess progress and highlight any support or adjustments required.

D worked hard and was motivated to complete further construction training during the quieter seasonal period, achieving a CSCS qualification. This resulted in the business owner offering D extra hours, developing their skills and role within the business. The Supported Employment Service team will continue supporting D to settle in the new role.

It is great to see the contribution and progress D has been able to demonstrate, after being given this opportunity by a local business.

Famous People with SEND

Student Activity (SEND)

One billion people around the world live with some form of disability, 14.1 million of those people are living in the UK.

You yourself may identify with having an additional need, you may know someone that has an additional need, or you even may live with someone that has an additional need, but did you know that some of the celebrities you may see on the TV or hear on the radio or even read about in books also have an additional need?

Over the next few pages, we will highlight some of the most famous people that have lived with or are living with some form of disability yet have still gone on to have a great career.

We hope that some of these amazing people will inspire you to achieve your own career aspirations.

Follow the activity below, answering the questions as you go.

You may need a little extra help from your fellow students, teachers or even the computer.

Use the free text boxes below the questions to write down your answers.

LMI FACT

Did you know...

in 2020 roughly 58% of Worcestershire's disabled people aged 16 to 64 were in employment?

Rosie Jones

Comedian and screen play writer

SEND: Ataxic cerebral Palsy

Rosie was born with Ataxic cerebral palsy; she grew up feeling that a label defined her and that she wouldn't amount to much.

After starting a career in research, Rosie took the leap to become a comic, even though she thought her disabilities, especially her slow speech would be a barrier.

Rosie now has written screen plays, is an accomplished stand-up comedian and appears on many well-known comedies shows such as the "Last Leg" and has appeared in the big TV drama Silent Witness.

Do you think Rosie is a good role model by encouraging disabled people to follow their dreams?

What do you think Rosie learnt about herself when she worked as a researcher for channel 4?

Justin Timberlake

Singer, song writer, producer, and actor

SEND: ADHD and OCD

Justin formally known for being a part of the Band NSYNC and then a very successful solo artist.

Throughout his solo career, Timberlake has sold over 32 million albums and 56 million singles globally, and a further 70 million records with NSYNC, making him one of the world's best-selling music artists.

Over his career Timberlake has won ten Grammy Awards, four Emmy Awards, seven American Music Awards, three Brit Awards, nine Billboard Music Awards and eleven MTV Video Music Awards.

Throughout his life Justin has lived with ADHD and ACD both affecting him in many ways through everything he has done.

Do do you think that having an unseen disability made it more difficult for Justin to build his career?

How do you think the people that worked with Justin could help him in the workplace?

INDEPENDENT LIVING AND LIFE SKILLS

INDEPENDENT LIVING AND LIFE SKILLS

As you grow older you will be wishing to become more independent where you can. This short section will signpost and guide you to some ways you can start doing just that.

It is important not to rush this transition and take guidance from those around you.

LIFE SKILLS

Preparing for adulthood can be daunting however, if it is broken down into chunks or sections it can become more achievable.

Break it into the following sections:

- About the home
- Money management
- Talking to others and socialising
- Education/ work / volunteering

HEALTH AND WELLBEING

In preparation for adulthood and thinking about your next steps it is important that you also think about your health. If you move on to college, supported work placement, volunteering etc. You will need to keep your physical and mental health in check to ensure you enjoy, complete and achieve in the activities.

There is a lot of support around you, so always ask for help if you need it. See the links below and information for more ways you can keep yourself healthy and happy.

Worcester Snoezelen is a multi-sensory leisure therapy centre for people of all ages who have disabilities and additional needs. There are tranquil sensory rooms, a hydro-therapy pool with waterfall, soft play, and sensory garden. There are also music, art and yoga sessions – for groups or individuals – and fun activity clubs for adults and children.

People visit from all over the West Midlands, usually accompanied by care staff or with their families. They join in with anything from our Rock School for over 16s to make some noise with our 5-piece rock band – or to just chill out watching the bubbles in a quiet calm sensory room or have a splash in the pool.

DAY AND COMMUNITY OPPORTUNITIES

Life would be a little empty without friends and family around you, so as you move forward through your journey it is important to keep a strong network of friends and family. Getting involved with your local community through groups, volunteering and activities is a great way of making and building relationships.

There are lots of local groups so please use the signposting for more information. However, here are a few options.

Some of these settings provide day activities which can be accessed through adult care funding and individual budgets. These budgets are agreed for eligible young people through adult care assessments undertaken by social services.

WCC is committed to a person-centred approach, in a safe and stimulating environment. We understand each person is an individual with their own needs and preferences. We currently support individuals with a variety of needs which include:

- Profound and multiple learning disabilities. (PMLD).
- Multiple physical disabilities, auditory and visually impairments.
- Health care and complex needs, continuing health care.
- Epilepsy / Seizures.
- Autism.

Resource Centres provide a high-quality service which is tailored to meet the individual's requirements within our Service offering specialist care and equipment. We work alongside other health professionals to support the individual to aid their health and wellbeing providing a multidisciplinary approach. With this, we incorporate health action plans, eating and drinking plans, behaviour management plans, epilepsy plans and robust risk assessments just to name a few.

We provide a range of support and assistance with personal care to general day to day support with activities of daily living, emotional, psychological, practical, and social support with the aim of meeting the individual's chosen outcomes and promoting their independence.

Some individuals are very mobile, some use wheelchairs or walking aids. Support to ensure they can participate in meaningful activities is important to us. We like to ensure our individuals engage in chosen activities and enjoy engaging with the community, encouraging social inclusion and equality.

Resource centres are based in Pershore, Worcester, Bromsgrove and Kidderminster. We can also discuss outreach services, if this was something of interest. We aim to be bespoke and flexible to peoples requirements moving forward.

Reddi Support is a day service (and so much more!) for adults with learning disabilities and autism. Based in Redditch, we offer activities in a supportive learning environment designed to promote independence, improve life skills, and increase social interaction and inclusion within the community. We also offer the opportunity for social gatherings and events, supported holidays throughout the year, as well as day trips.

Some of the activities on offer are cooking and independent living skills; enterprise work; arts and crafts; literacy, numeracy and IT; drama; dance; sing and sign; zumba and indoor games; swimming; trampolining; and history walks. These activities are held at our base in Redditch and also within the local community.

Day opportunities

Cooking and independent living skills, art and crafts, drama, dancing, sing and sign, games, accessing the community; zumba, swimming, trampolining, enterprise and a brand new option starting in January 2022 - Supported Employment at our very own cafe and pre-loved shop all based in Redditch.

We also have regular weekend/breaks and holidays throughout the year.

CASE STUDY

John's Story...

Amber Support has built its foundation on understanding the needs of clients who come to us for support; putting them at the centre of everything we do. Support is personal to each client enabling them to take control of their own lives in ways that are exactly right for them and their families. With over 19 years' experience, our principles and desires are to provide clients with the best opportunities that life can offer.

Supported Living

Co production of support is centred around a person's individual requirements, enabling independence through positive, flexible support with a focus on choice and living their best life. John recently expressed a wish to have a fresh start and to live more independently; so, after viewing a few properties he chose a house called Cloverleaf, living with two other young men with similar interests to his own.

There were a lot of areas to consider which both John and his family factored into their decision making; the right location, the right support and the right people to live John states "I love my new home. It is on a good bus route which is important to me as I like to lead an active life and feel part of my community. I can walk to the local shop if we need a pint of milk, and there is a park not far, where we will often kick a football around."

DAY AND COMMUNITY OPPORTUNITIES

CASE STUDY

John's Story continued...

"We have a 'man cave' which is my favourite part of the house, and my favourite part of the day is doing the washing up after dinner where we sing along to songs we choose on Alexa.

I am proud of myself and my new friends as we recently found and bought a second hand garden furniture set from Facebook Marketplace which we think is a bargain we now enjoy meals out side whenever we can which I particularly enjoy.

I am close to my family and see them at least once a week and chat to them regularly on the phone. You can find me playing pool on a Wednesday evening with my family and friends in a pub local to where I live. I have my own pool cue which I bring with me as I am a pretty good player.

Together with my support team and keyworker, I am supported to do the things that are important to me as well as those that are necessary such as maintaining my tenancy, paying my bills, attending health appointments, and completing weekly shopping for myself and for the house. I have my routines and a timetable of activities together with photos of my support team so that I know who is supporting me throughout the week."

Alison Mills, Operations Director from Amber Support states **"Since moving to Cloverleaf, we have seen John flourish and grow in confidence, and it is exciting to see him develop beyond his own and his families' expectations. On speaking with John's sister she states I'm very happy with John's move into Supported Living from Shared Lives it feels like he's taken the next step in his life and has gained more independence. He is really enjoying the change and his greater freedom, and we are pleased to see him so happy."**

The final word should go to John who states:

"I love living here as I have my own front door key and it is my own place."

FUNDING YOUR SOCIAL CARE

DLA is the benefit to which children with disabilities may be entitled. For those age 16 years and over DLA stops and is replaced with PIP.

These guides explain these benefits further:

<https://www.gov.uk/disability-living-allowance-children/rates>

<https://www.gov.uk/dla-disability-living-allowance-benefit>

If someone has a child aged 16-18 and they believe they are eligible for support from the Young Adults Team, they should contact the Family Front Door on 01905 822666. If they are over 18 then they should contact the Access Centre on 01905 768053.

If they are assessed as being eligible for support from the YAT team they will receive a social work assessment which will enable them to access care and support which may include a direct payment. Direct payments are cash payments (rather than directly provided services), which are paid to a young person (age 18 and over), a parent or carer or to a nominated third party. These payments must be used to meet outcomes identified in a care plan or Education, Health and Care (EHC) Plan. By receiving direct payments, you are responsible for arranging, managing and paying for the services yourself.

PICKING THE RIGHT COMMUNITY SUPPORT FOR YOU

Choosing the right social care or community group for you can be a difficult decision as there are so many options to choose from.

This simple exercise should help you think things through.

WHAT ARE THE OPTIONS IN YOUR AREA?

IS IT A HOBBY OR SOMETHING YOU LIKE TO DO?

WHAT TIME DO THE GROUPS AND ACTIVITIES HAPPEN?

DOES IT MAKE YOU SMILE WHEN YOU TAKE PART?

WHAT DAY OF THE WEEK AND HOW REGULAR ARE THE GROUPS AND MEETINGS?

DO YOU HAVE ANY FRIENDS THERE?

WOULD YOU NEED SUPPORT WITH TRANSPORT?
